

YUVRAJ SINGH PANWAR

Dehradun, Uttarakhand | yogipanwar173@gmail.com | +91 8126935236 | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building scalable web applications using PHP, Laravel, CodeIgniter, JavaScript, and MySQL. Delivered 10+ live production projects — spanning ERP systems, CRM platforms, LMS (Learning Management System), real-time alert systems, e-commerce, automations, and AI-integrated tools. Experienced in RESTful API development, RBAC, payment gateway integration, AWS S3/CloudFront, Redis, and GraphQL.

EXPERIENCE

Software Engineer

[Pearl Organisation](#) — Dehradun, Uttarakhand | May 2025 – Present

- Worked on a full-scale AI-powered ERP covering attendance, payroll, invoicing, project management, and automated MOM generation.
- Built AI chatbots with lead-capture detection, chat summarisation, transcript export, and email alerts.
- Implemented RBAC, AI audits, and a Lead → Client → Upsell CRM pipeline with full conversion tracking.

Software Engineer

[NetDomains Pvt Ltd](#) — Bengaluru, Karnataka | Jun 2024 – Apr 2025

- Built multi-user RBAC authentication, integrated Razorpay/RazorpayX, project uses AWS S3 + CloudFront.
- Developed RESTful APIs, dynamic admin dashboards, and mentored junior developers with code reviews.

Trainee / Software Engineer

[World IT Dimensional Solutions](#) — Dehradun | Jun 2023 – Feb 2024

- Migrated legacy Core PHP projects to scalable Laravel MVC; contributed to CRM, LMS, and news portal projects.
